

## SUNBEAM® IRONS

When guests find a quality Sunbeam® iron in their rooms, it makes a great first impression! Your guests will feel right at home with Sunbeam's ergonomic design, durable non-stick soleplate, auto shut-off and reliable performance. And now, with Sunbeam's new added safety features, it makes them the leader in the market.

The Sunbeam Classic and Steam Master Irons now feature a Safe-Storage Strip that indicates when it's safe to store the iron. A strip displaying red (don't store) or black (safe to store) shows temperature at a glance. Model 4217 also highlights a new Secure Cord plug that makes cord retraction an easy one.
